# ENEMY LINE

**Available:** Feature Screenplay  
**Genre:** Action / Adventure / War

**Logline:** During World War II, a wounded German Soldier forces an American Medic to keep him alive to trek across occupied France where dangerous skirmishes, deadly mine fields, and vengeful insurgents make uniforms irrelevant and threaten to kill them both.

**Enemy Line** is a bold tale of violent camaraderie and thrilling action. The 1944 setting camouflages a timeless message more relevant today than during WWII.

**Writer** Lawrence Riggins is winner of the STARZ, Samuel Goldwyn, Writers Digest, and StoryPros awards.
